THE undersigned respectfully announces that he has taken a Room in the above named block [illegible] new College [illegible] Mercantile College on

Monday, January 14, 1856.

The plan adopted in teaching combines practice with theory. Instead of using Text Books the pupils are exercised in making original entries of every day business transactions—Journalizing [illegible] Balancing Accounts, Opening and Closing a great variety of different Setts of Books both for Partnership and Individual Business where the business has been prosperous and [illegible] thus qualifying the student for entering into *Actual* duties of the Accountant in any kind of business.

THE COURSE OF INSTRUCTION will consist of DOUBLE ENTRY BOOK KEEPING in every department of *Trade and Mercantile Accounts*, viz: Wholesale and Retail, Commission, Exchange, Banking, Manufacturing, Shipping, Individual Partnership, Joint Stock and Compound Company Business. Also Commercial Calculations, Penmanship, Lectures on the Science of Accounts, &c.

Pupils are instructed individually and not in classes so that Students may enter at any time and proceed as the ratio of their capacity and assiduity.

HOURS OF INSTRUCTION viz: From 9 to 12 M., from 2 to 4 and from 7 to 9 o'clock, P. M.

DAILY SENTINEL.

From the London Examiner.
The Military and Naval Forces of the British Empire.

According to the estimates just presented to Parliament, and the official list will appear as follows, viz:—The number of forces voted for 1856–7 are stated in the army estimates at 2[illegible] men exclusive of those serving in India and paid by the East India Company. With the exception of one momentous item, the army and ordnance expenditure amounts for the effective service in 1856–7 to £22,758,280. In 1855–6 was £26,17[illegible] 000. The cost of the non-effective service in 185[illegible] 6, was £2,1[illegible],91[illegible], in 1856–7 the estimate is £2,240,224. The militia of the United Kingdom has been fixed at 120,[illegible] exclusive of the yeomanry.

The yeomanry includes 258 officers and 14,480 equipped and mounted men. The royal army in the East Indies includes 25 infantry and 5 cavalry regiments or 31,0[illegible]. There are also in the pay of the East India Company 13,000 European troops, six regiments of infantry, [illegible] battalions of foot and [illegible] brigades of horse artillery. The native troops consist of [illegible] regiments of infantry, and 155,000 men, [illegible] battalions of horse and [illegible] of foot artillery, and 2,000 sappers and miners. Beside which there are about 60,000 irregular troops, including the camel corps.—The whole Indian army, including contingent from native princes may be estimated at 325,000 men.

The British navy numbers great and small, including those for harbor defences, 703 ships, carrying nearly 18,000 guns, and 235 steamboats having more than 70,000 horse power. Beside which there are at least 150 powerful mercantile steamships, equal in size to ships of the line and frigates, which may, if necessary, be rendered available. The British navy comprises afloat and building 74 sailing and 22 screw ships of the line, from 72 to 131 guns; 98 sailing and 25 screw steamers of 7 to 60 guns, 45 corvettes, carrying a total of 1,000 guns; 114 paddle-wheel steamers, carrying about 425 guns. The new formidable gun boats are not included in the above. The Indian navy consists of 29 armed sailing vessels of 4 to [illegible] guns, and 23 armed steamers.

☞ It is remarked as a significant coincidence, that the number of the Paris Moniteur, announcing the birth of an heir to the throne of the Bonapartes, contains a decree ordaining that all the money which bears the effigy of Liberty shall cease to be a current coin.

From our New York Correspondent.

NEW YORK, May 1.

The campaign of Freedom, in anticipation of the election for President next November, was nobly inaugurated in this city last evening by a Mass Meeting at the Tabernacle. The telegraph and the newspapers will have given you all the details, the material facts; but of the spirit that ruled and animated the meeting, of the men and the classes represented at it, and of the earnest, all-[illegible] unifying object, all seemed to have in view, no public report can give you any adequate impression. No one but a spectator indeed could form any complete notion—and they only who know our political men, our business men, and the various shades and divergent pursuits, and prejudices, of different parties and persons could form any just estimate of the real significance of such a meeting. You, however, who know so much of our public men and parties, will judge from the names of the speakers and officers, that the Republican party here is indeed a union for principles, and not for, or on men. You will perceive that those who have differed as widely as the poles, upon questions of temporary interest or expediency, are here, upon this vital issue of Freedom; of restraining our institutions to the spread of Freedom and not of Slavery; to the protection of free labor and the right of free thought and free utterance—united in one solid and indomitable phalanx. Let this spirit prevail and spread until the ides of November, let organization accompany effort—as to be effective it must be organized—and then when the standard-bearer is chosen, be he who he may—[illegible] only that upon this issue he be beyond all doubt or uncertainty and otherwise of good character—we shall follow on to assured victory and then forever establish, as the law and the practice of these United States, and as the true and indissoluble bond of the Union, that Freedom is National and Slavery sectional, and that Slavery—left alone where it exists to work out its own fate—shall not be extended.

It would indeed be a piteous prospect for Humanity, if at the moment when by the pacification of Europe, under the joint auspices of the two Autocrats of the World, Napoleon III and Alexander II—a pacification by which all the oppressed nationalities of the Old World are still kept under the iron heel of the Cossack, the Gensdarme, and the mercies of the Hapsburgs and King Bomba—when Poland and Hungary and Italy and Germany are left in chains and tears—it would indeed be piteous that this Republic should frame its government on the same model, and instead of opening new worlds like Kansas and Nebraska and New Mexico, to the despairing wanderer from benighted Europe, as a place of refuge where struggles for Freedom would not be hindered, as an asylum where strong arms and free hearts might yet dare anything for the Rights of Man; we should devote them to the infernal uses of slavery, to the dishonor and loss and ruin of Free Labor.

My own conjecture is, that as soon as the disbanding of the armies lately engaged in war takes place and affairs return to the normal state of peace, we shall have a fresh flow of the stream of emigration, especially from Germany. Will these emigrants—the hundreds and thousands, for instance, in Wisconsin—who realize there all the liberty and the bounty of Free Institutions—perfectly free institutions—will they, can they possibly so exercise their political power and influence in their new homes, as to shut out from such regions as Kansas and Nebraska and New Mexico those countless thousands of their countrymen who seeing in Europe no longer any hope of political reform, or personal advancement, will follow them over the sea and throw themselves into the lap of the Great Republic? Will it be—can it be—that the German tongue and the German arm will unite with the Slave Aristocracy of this country, to extend the radius of Slavery and to exclude or dishonor Free Labor? These are questions which the next Presidential election must answer, and which Wisconsin, one of the Free States, must take her ample part in answering. I will not believe in any result but for Freedom.

Death of J. G. Percival.

We regret to learn from the Galena *Advertiser* of the 3d instant, that Dr. James G. Percival, of New Haven, Connecticut, State Geologist for the State of Wisconsin, died at Hazel Green, Grant County, on the 2nd instant, aged about 60 years. He had been unwell for some months past, though for a good portion of the time he was able to work upon his Report to the Governor of the results of his Geological examinations. Dr. Percival enjoyed a very wide reputation as a scientific man and as a true poet; and his death in the midst of his unfinished labors, is a public calamity.

ARRIVAL EXTRAORDINARY.—The steamboat *Aquila*, whose departure from Pittsburg, with a full cargo for Northern Wisconsin, we noticed a week or two since, arrived at Fond du Lac, her destination, on Friday evening last, in 24 days from Pittsburg. The *Union*, which chronicles her arrival, speaks of her as a staunch and fast boat. A glance at the Map of the U. S. will show what a circuitous voyage the *Aquila* made. The total distance run must be upwards of 1500 miles.

The Kansas Meeting in New York.

The FREEMEN of New York city assembled by *thousands* at the Tabernacle, on the evening of the 30th ult., pursuant to the call, heretofore published in our columns, inviting a union of all in favor of Free Kansas and Slavery Limitation, with a view to efficient action in the coming Presidential campaign. The meeting was called to order by EDWIN D. MORGAN, Chairman of the National Executive Committee, on whose motion BENJAMIN F. BUTLER was called to the chair and the following Vice Presidents and Secretaries appointed:

Eloquent and spirit-stirring speeches were made by Messrs. B. F. BUTLER, Gen. NYE, JOHN A. BINGHAM, M. C., from Ohio, HORACE GREELEY, WM. CURTIS NOYES, and others; and letters read sympathizing in the objects of the meeting, from Senators TRUMBULL, of Illinois; SEWARD, of New York; SUMNER and WILSON, Massachusetts; WADE, of Ohio; and from WM. C. BRYANT, BRADFORD R. WOOD, and other eminent citizens.

The following resolutions, reported by Gen. NYE, were unanimously adopted:

Resolved, That the repeal of the "Missouri Compromise," the wanton renewal of the political agitation of the Slavery Question, the enlistment of the whole power of the Federal Government in the extension of Slavery over Territory devoted by the most solemn pledge and compact to Freedom, the countenance and protection given by the Executive of the Union to the violent and cruel tyranny established over the defenseless inhabitants of Kansas by the lawless population on its *borders*, and the audicious claim that the Federal Constitution is the charter and the Federal Government should be the Minister, of the maintainance and diffusion of Slavery as a national institution, have forced upon the country the issue of Slavery Extension or Slavery Restriction for decision in the impending Presidential canvass.

Resolved, That our unalterable attachment to the great sentiments of justice and freedom which inspired the Declaration of our Independence, and are wrought into the whole fabric of our Constitution; our faithful devotion to the dignity, integrity, peace and prosperity of the Union; our reverence for the memory of the founders of the magnificent system of Government which has developed and protected the vast growth of this people to its present rank among the nations of the world, and of the great statesmen of the succeeding generation who have firmly upheld what was so wisely established, compel us to postpone all other political questions, to forget all past political differences, and to unite for the restoration of the action and position of the Federal Government on the subject of Slavery for the principles of Washington and Jefferson, as alone compatible with the honor and safety of the Republic.

Resolved, That we have heard with great satisfaction and sustain with a cordial approval the proceedings of the Pittsburgh Convention, and avow the purpose ourselves to unite, and by every just influence to combine the efforts of our fellow-citizens for the organized maintainance in the approaching Presidential canvass, of the political principles and objects proposed by that Convention.

Resolutions were also adopted for prompt and efficient organization in all the Wards of the city and an Executive Committee of *Working* men appointed to see the work thoroughly done. The meeting continued in session till nearly 11 o'clock, and finally adjourned with three hearty cheers for "Free Kansas," and three more for WM. H. SEWARD. The spirit, character and proceedings of this great meeting in New York cannot fail to exercise the happiest influence in behalf of the good cause throughout the Free States. Let the example there set be everywhere followed and the triumph of Freedom is secure.

La Crosse & Milwaukee Rail Road.

The earnings of the La Crosse & Milwaukee Rail Road for the month of April last foot up as follows:

Passenger Income,	$15,985 15
Freight do	16,012 72
Transportation U. S. Mails,	187 85
Total,	$32,185 72

From the above statement it will be seen that the business of this road is increasing rapidly and that it must continue to increase as its line is extended, no one can doubt. The distance operated up to the 7th of April was 55 miles; since that time the line has been extended to the city of Beaver Dam, 61 miles from Milwaukee. The business of the present month will exceed that of any previous one, as the extension above noted will command a portion of the trade of Lowell, Fall River, Columbus, Wyocena, Portage City, and Newport, as well as the rich and fertile prairies of Columbia County, all of which has heretofore been tributary to the Milwaukee & Mississippi and Milwaukee & Watertown Rail Roads.

Messrs. CHAMBERLAIN & ALLEN, who have the contract for extending the Road from Beaver Dam to Portage City during the present year, have commenced the work and are purchasing and delivering on the line large quantities of materials to be used in the construction of the road. The completion of this Road to Portage City by the first day of January next will secure to it the winter travel of St. Paul and La Crosse on the Upper Mississippi and the extensive country bordering on the Chippeway, Black, La Crosse, and Lemonweir Rivers, and that it will fully justify all that has been said in its favor by the projectors and friends of the enterprize we have not a doubt.

Milwaukee & Mississippi R. R.—Earnings for April, &c.

Despite the depressed condition of the produce market, cutting off receipts from the country, which have usually been heavy at this season, the figures on the Mil. & Miss. R. R. for April show a handsome increase over those of the same month last year. The receipts for April of 1855 were $33,005,83. For the month just past, they were as follows:

Passengers,	$17,910,62
Freight, &c.,	17,510,63
Total,	$35,420,25

The receipts for the first 4 months of this year and last compare as follows:

	1855	1856
January,	$33,211,00	$45,589,02
February,	26,808,00	28,581,64
March,	30,456,25	29,568,96
April,	33,005,83	35,420,25
Total,	$123,520,08	$131,114,77
Increase in 1856,		$7,594,69

JANESVILLE CITY BONDS.—Mr. J. W. Currier, Secretary of the Chicago, St. Paul and Fond du Lac Railroad Company, in a letter to the "Boston Daily Advertiser," denies the statement made in that paper on the authority of the Janesville (Wis.) City Standard, to the effect that the liabilities of the Rock River Valley Union Railroad had been assumed by this Company, that the Company had purchased the Road as alleged, and that they now refused to fulfil their contract. Mr. Currier says:

"Negotiations on the subject have been pending between the city and this Company, but have not yet resulted in any contract; and that cannot be consummated without aid from the Legislature of Wisconsin, which will, without doubt, be granted on the petition of the city of Janesville."

LUMBER ON THE BARABOO.—The Sauk County *Democrat* corrects its former statement that two million feet of pine logs would come down the Baraboo this spring, and says that at least *three* millions will come, and a large portion has already come down.

CONCLUDED.

CAIRO, Jan. 5th, 1856.

The streets of Cairo seem to present pretty much all the characteristics of Constantinople and Smyrna, which I have heretofore described. There is the same variety of costume, the same extensive bazaars, fountains, mosques, droves of camels carrying burdens which they had borne across the deserts from the East, the same Khans to which strangers were continually coming, and from which others were departing, and similar Caffees, in front of which old Turks were sitting and smoking in grave silence. But there is one aspect that the stranger immediately notices the moment he first sets foot in Egypt, wherein there is a wide difference between the people here and more Northern Mahometan countries, and that is in the character of the people of the two sections of country. Those at the North, either in times of peace or war, are many of them ferocious, bloodthirsty and cruel. Through most of the Turkish dominions, and in many of the cities afterdark, the life of a Frank is not safe, unless he is well guarded. But on the contrary, as one travels South, the character of the people, professing the same religion and almost the same laws, becomes more mild, humane and benevolent. This is particularly the case with the Egyptians.

So far as I have read and been informed, I should have no hesitation, so far as fear of personal violence was concerned, to travel alone all over this country. It is true there is a straggling party of the Bedouin Arabs occasionally met, who come down from the North in pursuit of plunder. Yet it is very rare they are met, and more rare for travellers to be injured by them, farther than being robbed. The streets of this great city are very poorly lighted, and owing to this and the great number of gates, there is very little getting around in the nights. Not being paved, and being a soft soil, one walks along them with almost as much stillness as upon a carpet; yet I should have no fear in going through the narrowest and most crooked at any time of night, unaccompanied and unarmed. As near as I can learn, crime is much less in proportion here than with us. The people appear ignorant, lazy, good natured and stupid. There are but two classes, the rich and the poor. Of course the first is few in number compared with the latter—therefore as this class in dress, appearance and influence are all on a par, there is no standard of mediocrity to reach for those that are more ambitious and enterprising than their fellows. Again taxes are so high and onerous that, if by chance or industry and perseverance, one has amassed a little wealth, it is wrested from him by the Pasha, and hence there is little or no inducement in Egypt for her down-trodden and oppressed children to try to rise and become higher than slaves. It is true that during the reign of Mohammed Ali, the country made some slight advances, but it is equally true that for the last two thousand years she has been gradually sinking lower and lower in all that constitutes a nation's greatness, intelligence, population, wealth, refinement, arts and social position.

The city of Cairo, compared with Sais, Memphis, Thebes and many other cities, which I shall have occasion to notice hereafter, is comparatively modern. As I have before remarked in a former letter, Egypt was taken by the Arabians from the Byzantine Emperors, A. D. 638. After this expulsion of the Romans, their conqueror Amer founded a city on the banks of the Nile, which he called Fostat, now called old Cairo. Next came a reign of two hundred years and upward, under the sway of the Ommiade and Abasside Caliphs, during which there are no historical events of great interest.

In A. D. 868 Tooloon, one of the governors, revolted, and his army spread all over Egypt. After a few years of intestine wars, he was finally declared the true and lawful Caliph of the country, and ruled the land. East of the old city of Fostat he built a mosque, which remains to this day, and is a fine specimen of the early pointed arch. From this point the city extended Eastward, and from which arose the present city of Cairo. After this the Fatimites, under the leadership of El Nooz, a people who had established a dynasty on the coast of Africa, invaded and conquered Egypt A. D. 923. This conqueror continued the improvements of the city still further to the East, beautified and adorned it, and also made it his Capital.

Hence came a long line of Governors, distinguished for nothing except intrigues and oppression, down to the era of the Crusaders and Saladin, whose name is the only truly great one connected with the annals of Cairo. Rising gradually from obscurity, he at length succeeded in wresting Egypt from the Fathmites, and not only became its independent sovereign, but extended his conquests to Syria, and attached that to his own country.

The reign of this Caliph shed a bright lustre upon the decaying grandeur of old Egypt, for like the last rays of a setting sun, gilding the summits of lofty mountains, twilight was gathering, and soon to obscure it for ever. He largely increased Cairo in substantial wealth and power, and she was known to fame in the remotest regions of the earth for her oriental splendour and magnificence. He built strong walls and fortifications, and vied with Damascus and Bagdat in his palaces, gardens and fountains. But after reigning successfully for many years, he died, as all men do, and was succeeded by his grandson, then an infant. This young prince was deposed by a brother of Saladin, hardly less valiant than himself. His name was Adel.

Every country has its heroic age. During the reigns of Saladdin and Adel was that of Egypt. The Crusades had commenced, and all Europe was in a blaze, excited by the preaching of Peter the hermit and others. Millions of men, women, and children, infatuated with the idea that the sepulchre and the holy land must be wrested from the Moslem, were preparing for their march. Some portion of this vast army landed at Damietta and besieged the city. The Christians were led on by one whose name now became a terror to the followers of Mahomet, and whose renown spread through the world, and will continue through all ages. It was no other than Richard Coeur de Lion. Adel led on his forces and was defeated before the walls of Damietta. This important city, with many others, soon were obliged to capitulate, and the Christian Conqueror advanced upon Cairo. Although Richard was valiant and brave, yet his bravery and gallantry did not excel that of his noble foe. History recalls the fact that so much was he admired and respected by the English king that he offered to him his sister in marriage.

But Omer was too much of a Saracen to accept so noble and generous an offer. When the victorious army was marching upon his capital, and he supposed all was lost, he was suddenly taken ill and is supposed to have died of a broken heart. But the successes of the Christians were of short duration. Being in a strange country their supplies were soon cut off and they in turn were obliged to capitulate. They turned their faces towards the Mediterranean, and as in Palestine whitened the land with their bones.

Under Louis IX, the Crusaders again appeared among the Egyptians, thick as their own locusts, and marched on towards Cairo with confidence of success; but again were they obliged to retrace their steps, their king having been taken prisoner, and Cairo remained then, as she was ever known afterwards, by the cognomen of "Victorious."

In the course of time the dynasty of the family of Saladin passed away, and was succeeded by what is known in history as the Baharite Memlooks, a valiant race of military as well as foreign slaves, who usurped the government from their masters. These were from the Tartar and Circassian races, and extended to twenty-five in number. These Beys extended their conquests over not only Egypt, but Nubia, Syria, and Arabia, and ruled these countries with the hand of rapine and bloodshed. But Cairo was on the decline, and so continued until the last of this dynasty, and the last of the race was privately exterminated by Mahomed Ali, March 1, 1811.

Sturgeon Bay.

There are few places in this section of the West attracting more attention at the present time than Sturgeon Bay. The Legislature at its last session passed an act to incorporate "*the Sturgeon Bay and Lake Michigan Canal Company*"—of which Hon. R. P. Winslow, James D. Doty, John Day, Judge Hale and others are corporators. The object of the incorporation is to construct a canal from the head of Sturgeon Bay to Lake Michigan—and to dredge a channel and harbour in Sturgeon Bay—The Bay is about forty miles north of Green Bay and puts into the peninsula about sixty miles south of "Deaths door," its northern extremity; and the importance of the proposed work will be apparent immediately on an inspection of the Map. There are some seven or eight rivers emptying into Green Bay opposite to, and South of the mouth of Sturgeon Bay—the principal of which are the Menominee, Oconto, Peshtico and Swanico Rivers—all run through an inexhaustible region of pine timber, enough of which may be found to employ all the mills now erected, or that will be built there for the next half century.

On the Oconto, at the present time, about 40,000,000 of lumber is manufactured every year; and mills are to be found on each of the other rivers, yielding in the aggregate not far from two hundred millions during the past year, with a prospect of *doubling* the quantity the present year. This lumber, as well as the vast quantity made at Depere and the vicinity of Green Bay, finds its best market in Chicago. The number of Vessels employed in conveying this lumber away from the mills to Chicago, is estimated to average eight each a day during the season.

By passing through the proposed canal, these vessels avoid a dangerous navigation and effect a saving in distance, going and returning, of more than two hundred miles. If this, then, was the only advantage to be obtained from the projected improvement, it would fully justify the necessary outlay; but the entire commerce of Green Bay will be benefitted to an equal extent!

The Lake steamers plying between Chicago to the ports on this Lake and Buffalo, as soon as the necessary piers are made, will find it their interest to take and discharge their Green Bay and Fox River freights at the mouth of the Canal.

By so doing they not only avoid the hazards attending the dangerous navigation around the Northern point of the peninsular and the "zig zag" channel of Green Bay, but they save in distance in each passage about 150 miles—thus effecting to our merchants a reduction in freight and insurance.

Sturgeon Bay is about two miles wide at its mouth, and thence to its head is a distance of about eight miles. From the head of the Bay to Lake Michigan is a mile and a half of easy grade, requiring an average depth of cutting of from seven to eight feet, to water level. As the water in the Bay is of the same level with that of the Lake, no locks will be required. The Bay has an average depth of twelve feet of water, and will make the best harbor on the lakes—large enough for a fleet of vessels in stress of weather. This is an important element in the estimate of the advantages to be derived from the improvement.

The lands in the vicinity of the Canal have been surveyed and laid out as a town plat, and will be offered for sale next June. There are three steam saw mills in Sturgeon Bay, and already about 300 inhabitants. A steamer (the *Fanny Fisk*) plies between Green Bay and Sturgeon Bay daily.

We understand the new town is to be called "Winslow," in compliment to the originator of the enterprize.

KEWAUNEE.

Green Bay, May 2, 1856.

The Collingwood Route Secured.

We copied yesterday from the Toronto *Globe*, a statement that negotiations were in progress for a line of boats to run during the season between Collingwood on Lake Huron and the ports on this Lake. We have now the pleasure of stating that the arrangements for the Line have been perfected, and that the following first-class steamers will supply the route:

Key Stone State,	Capt. J. S. Richards.
Buckeye State,	" L. Chamberlain.
Niagara,	" F. S. Miller.
Queen City,	" Wm. Watts.

These boats will ply between Collingwood and the ports on the Western side of Lake Michigan, leaving Chicago Tuesdays, Thursdays and Saturdays at 8 P. M.

The Steamer *Louisiana*, Capt. Davenport, will run between Collingwood and Green Bay, connecting with the regular line at Mackinac.

We cannot doubt that this line, which was so greatly the favorite with the travelling public last year, will be still more popular during the current season.

U. S. TREASURER'S STATEMENT.—The U. S. Treasurer's statement, published at Washington, shows that by returns from the various sub-Treasuries up to April 21st, there was in the different depositories a net amount subject to draft of $24,985,678, of which there was in the sub-Treasury at New York $8,479,825; at Boston $7,768,285; at Philadelphia, $623,432; at the Mint in Philadelphia, $22,473,854; at the Assay Office in New York, $3,774,500, at the New Orleans Mint, $2,145,141; at the San Francisco Mint, $1,200,000; in the sub-Treasury at San Francisco, $352,760; and smaller amounts at the other depositories.

A LOVE TAP FOR "THE DUTCH."—The Appleton *Crescent*, an organ of Sham Democracy and, like the *News*, full of cheap professions of regard for Adopted Citizens, thus speaks of a recent Kansas Meeting in Outagamie County:

"The thin guise of Kansas information was torn away, and the Kansas Meeting changed into a Republican Mass Meeting *as suddenly and as* NATURALLY *as a Dutch ball changes into a drunken row.*"

Had a Republican paper used such language towards our German fellow-citizens, what a row the *News* and its kindred organs would have made about it; but coming from one of their own household they pass it over as silently and approvingly as they did Gov. AIKEN's avowal of K. N. sentiments and sympathies.

LARGE SALARIES.—The new Common Council of Milwaukee have fixed the salaries of the Clerk and Comptroller at $2,500 each; City Attorney $2,000, and Chief of Police $1,500. This includes $500 for a Clerk for the Clerk and Comptroller. Fat enough!—*Janesville Gazette*.

That is the popular notion, hereabouts. But it must be a mistaken one; for the *News*, the Corporation organ, certifies that these salaries are not high at all, but just and reasonable. Of course, our Tax-Payers will foot these and other like bills without grumbling.

LUMBERING ON THE ST. CROIX.—The St. Croix *Union* of the 25th ult. says:

"The River and Lake St. Croix continue to rise—though now (Thursday noon) rather slowly. First class steamers could now go up to Taylor's Falls easily.

The Booms are fast filling with logs. About 100,000 logs have come down already, and they are still coming faster and quicker than ever.

All our mills are running now except Sawyer & Heaton's. To calculate how many feet of lumber are daily manufactured here, would make a common mathematician's head ache for a whole day.

TERRIBLE CONFLAGRATION.

FORTY STORES & DWELLINGS DESTROYED

ONE FIREMAN KILLED—ONE MORTALLY WOUNDED.

Estimated Loss More than $1,000,000.

From the Philadelphia Bulletin Extra, May 1.

Last night, about 12 o'clock, a fire broke out in the northern end of the large rag and paper warehouse of Messrs. Jessup & Moore, on the south side of East North Street, below Sixth. The wind was blowing freshly from the northeast at the time, and the flames were carried through with fearful rapidity to the other extremity of the store, in Commerce street. The large structure was speedily enveloped in flames, which were carried by the force of the wind against the buildings adjoining, and they were soon in a light blaze.

To add to the disastrous effects of the fire, the burning rags and paper were vomited forth from the windows and carried on the wind in a south-easterly direction, where they fell in a fiery shower. The firemen were soon in service, but it was speedily manifest that all the buildings west of the paper store to Sixth street, and south to Market street, must be involved in destruction. The State House bell was immediately struck for a general alarm, and its constant strokes brought to the ground the entire department of the city.

The worst fears were soon realized. The buildings on both sides of North Street, and upon both sides of Commerce Street were soon in a light blaze; the Market street stores extended back to the last named street, and the flames were soon pouring out of the windows on to that avenue and threatening to extend to Chestnut street. By 2 o'clock the western end of the block bounded by Market, North and Sixth streets, was in flames, and the wind had carried the burning flakes into the block immediately west of the main body of the conflagration. Back of the western side of Sixth street, a large school house belonging to the Society of Friends, a carpenter shop and several small dwellings were in flames and burning very furiously.

The roofs of two large stores on the lower side of Market street, below Sixth took fire, and the roofs of two buildings on the west side of Sixth street, below Market, were in flames by 3½ o'clock.

The scene was now most frightful—the flames shot up high into the air, illuminating the entire city, and threatening to destroy entire blocks to the windward. Commerce and North streets were in flames, and fires were raging on both sides of Market and Sixth streets. The wind which was increasing in strength, was carrying a fiery shower to a great distance; all around the scene of devastation, persons were hurrying away their families and their goods to places of safety. The firemen, bewildered and distracted at the insufficiency of the means at their command, in comparison with the vastness of the field of exertion before them, struggled manfully with the destroying element, and under the judicious command of their officers, did the best they could.

The fire continued to spread until after daylight, and when the sun rose a sickening scene of destruction was exhibited. Every building on the North side of Market Street, from the unfinished iron structure at No. 219 to Sixth Street, was in ruins, and most of the houses on the East side of Sixth Street to North Street, were down. The Western ends of North and Commerce Sts. were in ruins, while ugly gaps were made in the blocks South and West of the bounds described. Some forty buildings were destroyed, many of them stores of great value.

FIREMAN KILLED.—Mr. John R. Groff, a member of the Perseverance Hose Company, residing at No. 69 Race Street, while engaged at the fire, was crushed by falling walls and instantly killed. His body was recovered, and the Coroner will hold an inquest this afternoon. Mr. Groff was a returned volunteer, and had served in the Mexican war. He was not married.

MAN STABBED.—During the progress of the fire a row occurred in Sixth, above Market, between a number of the adherents of two of the fire companies, and in its course, a young man named James Bartley, a member of the Franklin Hose Company, was stabbed in the right breast, just above the nipple. He was conveyed to the Hospital, and it is supposed that there is no hope of his recovery.

From Kansas.

Sumner, Kansas, April 25, 1856.

To the Editor of the Missouri Democrat.

Yesterday Sheriff Jones was removed from Lawrence to Franklin, accompanied by Doctor Stringfellow and Gen. Whitfield, who say they will not remain in Lawrence for fear of being shot. Dr. Stringfellow went before the Congressional Committee and demanded as a citizen of Kansas the right to appear before them, either himself or by counsel, and introduce testimony and examine witnesses. The Doctor blustered and threatened in hopes of frightening the committee into compliance with his wishes. Mr. Howard, Chairman of the Committee, rose and stated that if they should do what Dr. Stringfellow asked of them, the object of their coming would be defeated, as it would result, not in an investigation on their part, but in an inquisition by everybody. He spoke in a determined manner, which had the usual effect upon such men, and the would be hero gave up the contest and retired in silence.

Gen. Whitfield, in a speech at Leavenworth, just before the arrival of the committee, stated that they would sit at that "abolition hole," Lawrence, which he regretted very much. Now the valiant General retires from the detested city through fear, as he held out. This is evidently done for the purpose of enabling Oliver in making a minority report, to state that the committee held their session in a city, considered dangerous for Whitfield to visit, consequently he was prevented from having a hearing in the examination of witnesses. The administration party are playing a desperate game in Kansas, evidently designed to secure the defeat of the object of this Congressional Commission. The report of this committee to Congress and the country is feared, and every attempt will be made to prevent its being forthcoming.

Yesterday, in the morning, the United States "dragoons," under the command of Sam Lattus, "deputy sheriff of Douglas county," made an entrance into the residence of John Speer, Esq., editor of the Kansas Tribune. They surrounded his house, entered it, searched it throughout, looking under the beds, under the floor, in barrels, boxes, drawers, on shelves, &c., but the object of their search was not to be found. Soon after the "dragoons" left for Lecompton with their prisoners. Sam Lattus is to return to Lawrence to-day or to-morrow, with 100 U. S. dragoons, and recommence the search for Wood and his friends. Lattus is having writs made out for the arrest of ONE HUNDRED CITIZENS OF LAWRENCE, who are charged with the commission of crime under the Territorial Border Code of Laws—some for being judges of election, for taking the oath of office under the new constitution, for refusing to act as "Sheriff Jones'" posse, and various other acts not consistent with the will of the Border Ruffians. A standing army is to be stationed at Lawrence until every person for whom there is a writ issued, is arrested and taken to Lecompton.

The Great Meeting in New York.

[From the N. Y. Tribune.]

The Meeting in favor of Free Kansas and opposed to Slavery Extension at the Tabernacle last evening was not merely one of the largest ever convened under one roof in our city—it was eminently strong in the character of its members, in the earnestness of their purpose, the emphasis of their conviction. Though some of the speakers were kept away by illness—Senator Fessenden having sent an apology on that account at the last moment, and Mr. Galloway (also ill) having done far better in inducing his colleague, Mr. Bingham to attend and speak in his stead—there was no lack of speakers, of grave and weighty argument, nor of lively and glowing eloquence. Mr. Evarts has hardly till now been known as a political canvasser, but his address last night would have done credit to the most experienced veteran. To see on the same platform B. F. Butler, and M. H. Grinnell, Robert Emmet and E. D. Morgan, and listen to Abijah Mann and James W. Nye laboring in the same cause with Evarts and Curtis Noyes, is cheering to those who believe with us that party organizations are of right and fact transient and fluctuating, while Truth, Justice and Freedom are immutable and eternal.

There could not have been less than three thousand present at one time, while many left because they could find no comfortable standing-room.—Had all the speakers realized the magnitude of the audience, and spoken considerably louder, the pleasure and instruction of this great assemblage would have been sensibly increased. But as it was, the speaking improved nearly, if not quite three hours, and was earnestly regarded to the close—a fact which, considering the gravity and high character of the principal speeches, was creditable alike to the speakers and the auditory.

Let those of our citizens who connive at the enslavement of Kansas try to equal this meeting if they dare!

Large Fire.

Destruction of the New Haven and Harlem Railroad Freight Depot.—At 1½ o'clock this morning, a fire broke out in the second story of the mammoth freight depot of the New Haven and Harlem Railroad Company, situated on Centre street, between Franklin and White streets. The flames spread with great rapidity, and almost the whole interior of the immense edifice was soon in flames.

The loss must be immense, as the depot was filled with valuable merchandize.—*New York Times*, 1st inst.

Common Council Proceedings.

The Common Council held a regular meeting last evening, and transacted considerable business. The Mayor and all the Aldermen were present. A communication was received from N. P. TALLMADGE, President of Air Line R. R. to Fond du Lac, asking aid of city credit to amount of $150,000—also, from W. B. HIBBARD, President of Mil. & Wat. R. R. Company—both referred.

Charles Lane resigned as School Commissioner from the Third Ward.

The returns of the Chief of Police for April were received and referred.

Petitions for side-walks in 7th Ward and for changes of grade in 5th ward referred to the local Committees.

The lease of the Watch House for one year, at $120, was received and placed on file.

On motion of Ald. Jung, the Gas Company are notified to have their street lamps cleaned once a month and put the streets taken up by them in good repair.

A resolution for printing 2,000 copies of Charter and Ordinances, with U. S. and State Constitution, 200 copies to be bound for use of Mayor and Council, was passed.

Ordinances were passed for a vote of the electors of the Sixth Ward, on the 22nd of May, upon the question of purchasing certain lots for a Public square in said Ward, not to cost over $25,000 also for a similar vote in the Fifth Ward, cost of ground limited to $30,000.

Ald. HADLEY read a communication from the Officers of the Milwaukee and Beloit and Fox River Valley R. R. Companies, stating that they had agreed to run together as far as Prattsburgh.

Ald. HADLEY called up the ordinances, authorizing a vote of the people upon question of loaning city credit to said Companies. The ordinances were read and *passed*—vote on Beloit road to be taken May 26th, and on Fox River Valley June 16th.

The Chief of Police was authorized to remove buildings complained of in streets or alleys.

A resolution for procuring a Rail Road Map, showing the system of Rail Roads radiating from Milwaukee, was referred to a committee of one from each Ward.

Nicholas Nedley was appointed Bridge Tender to Walker's Point Bridge, *vice* Averill resigned.

Frederick Schumacher and Franklin Blodgett were appointed Deputy City Surveyors.

John A. Seger was appointed Deputy City Clerk.

John Luck was appointed Health Officer in Second Ward at $25 per month.

Mr. Page was allowed $200 for building reservoir near Owen's Brewery.

Adjourned.

A QUESTION OF PRIVILEGE.—The New York *Evening Post* perpetrates the following on the recent correspondence between Col. Lane and Senator Douglas.

When Lane, incensed by Douglas' folly,
Takes him to do for some big lie,
What art shall shield the little bully
What trick his foe shall mollify?

The only plea to dodge surrender
To make his foeman raise the seige,
And put him down, is this that slander
Is an *official privilege*.

EPISCOPAL SERVICES.—Rt. Rev. Dr. Kemper is now on an Episcopal visitation to the Territory. The Episcopal clergy and deputies of the several parishes, are to meet on Thursday of this week, for the purpose of organizing a diocese in connection with the Protestant Episcopal Church in the United States.

The Rev. Mr. Breck, formerly of St. Paul, and now missionary to the Chippewas, is, we are informed, in town, and brings a deputation from his parish of St. Columba, composed of Christian Chippewas.—*St. Paul Minnesotian*, April 30.

THE COUNTY JUDGESHIP.—This matter, brought before Judge Keep on Saturday last, was put over until Wednesday of this week, when hearing was had, and decision rendered against the present incumbent, Mr. Cowdery, and in favor of Judge Potter. This probably settles the matter. —*Elkhorn Independent.*

COMMERCIAL.

Review of Markets, for the Week ending May 6.

OFFICE OF THE DAILY SENTINEL,

Sugar, bbls	160	Plaster, bbls	2,000

Shipped during the week—204 tons mdze, 106 bbls beer, 40 tierces hams, 446 bus malt, 20,000 brick, 212 hides, 50 bxs saleratus, 150 do soap, 13 bbls beef, 78 bbls highwines, 475 bus oats, 9 303 bbls flour, 135,564 bus wheat, 5,829 bbls pork, 100 bales skins.

Business for the past week has been marked by no feature of particular importance in general trade. Large quantities of merchandize are daily arriving for merchants here and in the country, and the stocks in the hands of dealers, both wholesale and retail, are full, and well selected. In the dry goods, hardware, and groceries trade, business has been active in filling orders for the country, and dealers cannot do better than to try the home markets.

The opening of the Straits, which, agreeably disappointing many who had not expected to hear of their being opened for a fortnight, was announced to us on Thursday last, the date being the same as the opening of last year, and has imparted life to business along the docks, and shipments for the past week have been active. For the amount of produce shipped, see tables above.

Money continues scarce, and hard to get for daily business transactions. Some $300,000 or $400,000 worth of produce, long locked up, having gone forward, it is hoped that the returns will soon ease the market.

Freights have declined considerably, and vessels are chartered at 6@8 cents for wheat to Buffalo, with contracts ahead at a less rate.

We learn from Buffalo that the Western Division of the Erie Canal will not be opened till the 12th inst.

Navigation is now fully opened on all the lakes.

We hear favorable accounts from the crops in the country everywhere. The roads in the interior are at their worst, being broken up by the heavy rains, but as soon as they become settled, we shall expect large receipts of produce from the country.

FLOUR.—Common to good superfine, country, &c., 600a650, extra city and family extra 7,50a8,00; shipped about 10,000 bbls

WHEAT—Prices which had fallen to 112½a115 for common spring at depot, and 117 free on board, advanced yesterday with the decline on freights, and we note sales of 4000 bus. yesterday free on board at 120. Winter is nominally 120a140, and scarce.

RYE—None comming in, nominally 1,00a1,05.

BARLEY—Much wanted, with sales to a small amount at 160a170.

OATS—Selling at 38a40.

CORN—45a50, according to quality, and sales of small lots of extra to go into the country, at 53a54.

Of the last two, supplies are coming in almost daily by lake, very little by railroad,

PORK—Mess selling at $15,50a$16,00.

BUTTER—In active demand. Sales of firkin at 22a25c; fresh roll at 25a30.

EGGS—Scarce at 11a12½c.

HIDES—5½a6 for good trimmed green, 12a14 for ditto dry.

BEANS—Selling at 250a350.

FLAX SEED—100a125.

TIMOTHY SEED—225a250.

Lumber business active, the local demand keeping dealers busy. Trade with the country good, at previous rates. No important change in other articles.

NEW VESSELS LAUNCHED.—At Buffalo, as we learn from the *Commercial*, B. B. Jones has launched the first class propeller *Tonawanda*, of 800 tons, for the Western Transportation Company, to be commanded by Capt. Palmer, late of the *Mayflower*.

Also a Schooner, the *Messenger*, of 350 tons, for the Lake Navigation Co., to be sailed by Capt. HISMAN.

F. N. JONES has launched the *Correspondent*, of about 850 tons, to be sailed by Capt. SHELDON. She is named and presented with colors by G. D. NORRIS, of this city, in honor of Mr. Niles, the "correspondent" of the well known house of Niles & Kinne, of Buffalo.

E. K. BATES has launched the *W. B. Hibbard* and the *Resolution*, and the three, last named, go into the Lake Navigation Company's Line.

The same builder has also launched the "*Kate Hayes*" of 850 tons.

At Cleveland, the *Vanguard* of 292 tons, the *Summit* of 302 tons, and the *Star of Hope* of 352 tons, have recently been measured.

At Oswego, the schooner *Delos DeWolf*, of about 303 tons, has been launched, and the gentleman for whom she is named has given her an excellent library.

The Great Russian Remedy.
PRO BONO PUBLICO.
☞ "Every mother should have a box in the house handy in case of accidents to the children."

Redding's Russia Salve.
It is a Boston remedy of thirty years' standing, and is recommended by physicians. It is a sure and speedy cure for Burns, Piles, Boils, Corns, Felons, Chilblains, and Old Sores of every kind; for Fever Sores, Ulcers, Itch, Scald Head, Nettle Rash, Bunions, Sore Nipples, (recommended by nurses,) Wittows, Sties, Festers, Flea Bites, Spider Stings, Frozen Limbs, Salt Rheum, Scurvy, Sore and Cracked Lips, Sore Nose, Warts and Flesh Wounds, it is a most valuable remedy and cure, which can be testified to by thousands who have used it in the city of Boston and vicinity for the last thirty years. In no instance will this Salve do an injury, or interfere with a physician's prescriptions. It is made from the purest materials, from a recipe brought from Russia—of articles growing in that Country—and the proprietors have letters from all classes, clergymen, physicians, sea captains, nurses, and others who have used it themselves, and recommend it to others. Redding's Russia Salve is put up in large tin boxes, stamped on the cover with a picture of a horse and a disabled soldier, which picture is also engraved on the wrapper.—PRICE 25 CENTS A BOX.

THE ONLY MEDAL AWARDED
BY THE NEW YORK EXHIBITION TO THE ENGlish or Foreign Sauce Manufacturers, has been obtained, amongst numerous competitors, by LEA & PERRINS, for their
WORCESTERSHIRE SAUCE,
whereby further testimony is afforded of its being the best Sauce extent.
The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health, is becoming daily more observed and acknowledged.
In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.
On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can, with truth, say there is nothing in a traveller's baggage so essential to the comfort, at least in these countries, as your Sauce."
In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their Sauce is highly approved in India, and that it is, in my opinion, the most palatable, as well as the most wholesome, Sauce made."
This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

POLICE COURT, MAY 5.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

The Police Court was crowded yesterday, Monday, more [illegible] cases being up than on any other morning; they were disposed of as follows: Michael Seibel, Edward Sweeney, James Garside, John Everts, Michael O'Donnell, [illegible] and William Foster were each fined $1 and costs for being drunk. William Murdoch, for being disorderly, fined $25; James Powers, disorderly, fined $3 and costs; Peter Cooper, disorderly, fined $4; George Whittier, disorderly, case continued to May 10th, 10 A. M.; John Rusch, for fast driving on Bridge, fined $2; John Doe who refused to give his real name, was sent to the [illegible] the Poor House.

[illegible], for fast driving on Walker's Point Bridge, was fined $2,00.

[illegible] was tried for an assault and battery upon Christopher Glenk and found not guilty.

MORE ARCHITECTURE.—We called yesterday at the rooms of A. C. NASH, Architect, whose card appeared in our paper yesterday morning, and found him and his [illegible] and capable assistants busily at work in preparing plans and elevations for numerous stores and dwellings about the city. The fronts for the new stores on East Water st. for Messrs. SHEPARD and BONESTEEL, next south of Martin's Block, and of those on Main St., next north of the Newhall House, for Messrs. TWEEDY and GOODRICH, [illegible] very tasteful indeed. The former block will fill up an unsightly gap with very elegant buildings. We have also seen the plans for the buildings just opposite, [illegible] we should like to do so.

Besides the above, we examined the plans for two very [illegible] residences, to be erected for Jas. H. Rogers, on Spring street, and for J. N. Bonesteel, at the corner of [illegible] and Cedar sts., 4th Ward; also a country residence for A. R. R. Butler, Esq. Mr. Nash exhibited to us numerous drawings of public and private edifices [illegible] under his supervision at the East, designed with [illegible] skill and taste, and we are pleased to welcome [illegible] to our city.

THEATRE—AN ATTRACTIVE BILL.—The favorite plays of "Don Cæsar de Bazan" and "Robert Macaire," which were received with so much applause last week, will be repeated this evening, with the full strength of the company. Both pieces were uncommonly well done when first produced, and will improve on the repetition.

HAMS' OWNER WANTED.—Two bags of hams were taken from a thief in the Fifth Ward, by Policeman [illegible] yesterday morning. The thief was seen about 4 o'clock with the hams in a new wheelbarrow, making off with them; the Policeman secured the plunder but the thief got away. The owner of the property can obtain it by applying to the Chief of Police at the Station House on Wisconsin Street.

STEALING A POCKET BOOK AND CONTENTS.—A man named Dietz was arrested on Sunday morning by Policeman Fischer, for stealing a Pocket Book containing $15 in money, a note of hand for $113 and some cents.—The pocket book was stolen on Saturday afternoon; the defendant, after the officer succeeded in finding the pocket book and money, which had been secreted in a [illegible] by defendant's wife, confessed the stealing. On his person was found a particularly marked cent which was in the pocket book at the time it was stolen, and which would have convicted him if the other money had not been found.

FOX.—Yesterday forenoon a common red fox was to be seen promenading the parapet of the United States block. Reynard would occasionally stop and look down upon the crowd of humanity passing and re-passing in the street, seeming to console himself with the idea that there were many below him equally as foxy as himself, and some that would even rob a hen roost if they had a chance. There are many two-legged foxes in this world, to be seen every day, but it is seldom a real fox can be seen on the roof and parapet of a four story brick building in a populous city—"It's an item."

REFRESHMENTS AT THE THEATRE.—Messrs. Tobias & Martin, from New York city, have just rented the lower room of Young's Hall, and are fitting it up as a Refreshment Room and Dining Hall on the New York plan. Ham and Tongue Sandwiches, and all those little etcs. that soothe the inner man, can be found there. Luncheon, at all hours, will be ready, as well as other creature comforts.

THE JANESVILLE FREE PRESS.—Mr. E. C. [illegible], proprietor of this paper, is now in the city, and will wait upon our merchants this morning to procure advertisements. The *Free Press* has the largest circulation of any paper published in Janesville, and as it reaches a large number who trade here, it affords a desirable medium for advertisers.

SCHOONER SUNK.—The Schooner *Flora* & [illegible] of this port, in coming into the river Saturday evening, struck upon one of the old piles at the end of the South Government pier, and sunk in seven feet water. She was from Manistee, loaded with lumber, and will probably be got afloat again without much damage. Before she sunk and while driving towards the shore, the schooner struck and carried away the lantern on the end of the pier, as well as some of her own rigging.

HANDSOME CLUB BOAT.—A very elegant six [illegible] boat, the "*Milwaukee*," made her first appearance on our river yesterday. She is painted vermilion, with a gold stripe on the outside and pale pink on the inside. The oars are varnished and the blades painted [illegible] that *blue blades* are peculiar to the "*Milwaukee*."

WANTED!—Some enterprising Omnibus proprietor who will give the Aldermen a ride to view the condition of the street, and particularly the *Chevaux de frise*, misnamed a sidewalk, just south of the Menomonee bridge. Sidewalk, quotha! We should like to see one of the Aldermen chased by a mad dog over the planks!

WANTS LOOKING TO.—Somebody tells us that the practice of throwing garbage into the street in the vicinity of the intersection of Milwaukee and Oneida streets, needs correction. Better complain to the Marshal, if you can find him.

THE CHICAGO ENCAMPMENT.—We learn that the Milwaukee Light Guard, at their meeting last evening, decided to accept the invitation of the Military and Citizens of Chicago to attend the Grand Encampment, which is to be held at Chicago during the first week in July.

CORN AND COB CRUSHER AND GRINDER.—The attention of Farmers and others interested is invited to the advertisement of the "Little Giant Corn and Cob Crusher and Grinder," newly patented and said to be a very clever contrivance.

ACCIDENT.—A German boy named Henry Kruse, while swinging on the tackle out of the third story of Aikens's Tobacco Factory, on Sunday afternoon, lost his hold and fell to the ground, injuring himself very severely, though not fatally.

CIRCUIT COURT.—The regular May term of the Circuit Court, Judge Hubbell presiding, commenced in this city yesterday. The Grand Jury were charged at 11 o'clock and retired to their rooms.

DIM GAS LIGHTS.—Several of the Corporation lamps lit by the Gas Company, show very dim lights, the reason being that the lamps are not half cleaned,—some of those on East Water Street are so encrusted with dust and dirt, that the lights can't show through.

"NEW YORK CITIZEN."—We are requested to give notice that R. J. FARRELL, Traveling Agent of the *New York Citizen*, is in town, at the Tremont House, and will call upon the subscribers for moneys due.

HOUSE TO BE SOLD.—WALL sells this morning, on the premises, a Frame House,—Marshall Street near Knapp. See advertisement.

GENERAL EASTERN R. R. TICKET OFFICE,
Milwaukee, May 5th.

Editors Daily Sentinel:—Will you state to your many readers that the fare over the New York Central R. R. was reduced, last week, to $22,50, from this place to New York, all Railroad. I see by the Daily News that I have again resumed the Agency of the New York & Erie R. R. This, however, must be a mistake in the reporter of the *News*, as I have not had charge of their Western business in over two years. Passengers going East or South can get reliable information in regard to the different routes by calling at the New York Central General Eastern R. R. Ticket Office, 287 East Water St., opposite the Walker House.

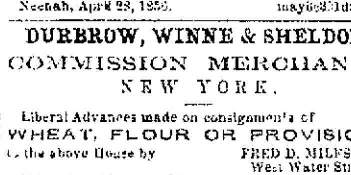
LITTLE GIANT



CORN & COB CRUSHER & GRINDER.

Patented May 16th, 1854.

MANUFACTURED by SCOTT & HEDGES, of Cincinnati, Ohio, and to which a prize of $250 Silver Plate was awarded at the great contest on the 28d of February, 1856. This Machine is offered to the Farmers of Wisconsin as the most perfect and valuable of the kind now in use. As a Feed Mill the Little Giant has no equal. It is not only adapted to the Crushing and Grinding of Ear Corn for feed, but also to the Cracking of Corn and Oats together, in which it is unrivaled. Twenty minutes are sufficient to set one up, and when adjusted it can safely be entrusted to a Boy. No extra gearing is necessary save what is furnished with each Mill. The subscriber has purchased of JAMES B. CHADWICK, of St. Louis, Mo., the exclusive right of sale in this State, and is prepared to furnish them to Farmers and Dealers. Price No. 2, $45,00, No. 3, $55,00, No. 4, $65,00, and is capable of grinding from ten to twenty bushels per hour, according to size.

PARLOR OR SALOON PISTOLS!

JUST RECEIVED a small assortment of the above named Pistols, together with the cap and ball for the same. These pistols are not only serviceable as a weapon of defence, but are admirably adapted for target exercise.

The cap, ball and powder are all together, and the Pistol can be charged in the same space of time required to place a cap on an ordinary Pistol. There is but little smoke or noise attending the discharge, at the same time the ball is thrown with sufficient force to do great execution. As this style of Pistol is only made with two sizes of bore, no difficulty will be experienced in procuring the caps to fit them.

We have also on hand a large stock of Colt's, Allen's, Warner's, Robbins & Lawrence's, Whitney's and other styles of revolvers and pistols of cheaper grades, all of which will be sold low. Call and examine our assortment.

CALEB WALL.

City Land Office.

THE THREE BRICK HOUSES I own on Mason St., formerly occupied by Mr. Kohl's and others, are now vacated. I will be happy to show them to any who want to purchase any or all of them. I intend to put them in thorough repair, by painting and papering them, and if they are not sold in ten or fifteen days, I will lease them to responsible persons for three years. The location of this property is certainly very desirable, about 2 minutes walk from the Post Office. I will sell the property on easy terms.

I also have two houses on Jackson street, which will be vacated this day. The said property is the second building above Mr. Mallory's—adjoins Mr. Dunlap's. I also intend to put this property in first rate order. I will sell the property on very easy terms. If this property is not sold in ten or twenty days, I will also lease it for three years. It is desirable property. Neither of the above property have I been able to show before, on account of its being occupied. They are all with double parlors, dining rooms, first rate cellars, good yard, cisterns, &c. Any one desirous of seeing the aforesaid property, I will go with them at any time. [may5] CALEB WALL.

CITY LAND OFFICE.

A DESIRABLE House and Lot, one of the best locations in the city of Milwaukee, on Mason Street. It is that desirable residence now owned and occupied by the Rev. J. J. Miter, who is about to retire to the country, on account of his health. The House and Lot is on the corner of Mason and Cass streets, directly opposite E. Cramer's residence. The House is convenient, containing some 10 to 12 rooms. The grounds around the house are handsomely laid off with varieties of shrubbery and fruit trees, and you have a beautiful view of the lake. Mason street is considered one of the most valuable streets in our city. The property will be sold cheap. Possession of it given in a short time. Terms will be ⅓ down, balance in one, two and three years. Any one wishing to see the property can do so by calling on me, and I will go and show it to them. (may5) CALEB WALL, Agent.

CITY LAND OFFICE.

A SPLENDID BRICK HOUSE finished in the very best and latest style, with all the conveniences of gas, water, etc. It is that property now occupied and owned by Mr. Wendt, on the corner of Division and Astor street, and adjoins the residence of James S. Brown Esq. Mr. Wendt has left with me the aforesaid house and lot, and has authorized me to sell it at a very reasonable price, on very fair and very easy terms. The location is certainly very desirable. There are no streets more elegantly built up, and with a better neighborhood than Astor and Division Street. The view from the premises is beautiful. Let any one take a walk in that part of our city, and they will agree with all I have said. Any one who wishes to see the property can do so by calling at my store, and I will go with them. Possession given immediately. CALEB WALL, Agent.

CITY LAND OFFICE!

YOUR ATTENTION is called this morning to those valuable and desirable lots known as Hathaway's addition, being in the very centre and most densely populated part of the first Ward of the city of Milwaukee.

This property has never yet been offered publicly for sale. The demand and anxiety for the above lots are such that the owner will give to all who want any of said lots, a chance to purchase them at public auction. Every person knows that there is no property so desirable for residences as that in the 1st Ward.

The above lots are beautifully situated, and give a fine view of the city, having all the conveniences of sidewalks etc. up to them. The said lots are located in three of the best streets, viz: Jefferson, Jackson and Van Buren. For a more minute description of the aforesaid lots I will have ready, in a few days, Lithograph maps, which I will distribute to all who desire to select lots.

I would also say to capitalists who want to make investments, that this opportunity is a grand one, and would particularly call your attention to the property. The number of lots to be sold is about one hundred.

In a few days I will let you know the time, place and terms of sale. CALEB WALL, Auctioneer.

TEN O'CLOCK REPORT.

Congressional.

WASHINGTON, May 5.

Mr. Prew presented a resolution of the Legislature of Ohio in favor of admission of Kansas with the Topeka constitution.

On motion of Mr. Clayton the Secretary of State was requested to transmit the original journal of the proceedings of Board of American Commissioners convened at Paris to liquidate and audit claim of our citizens for French spoilations.

Mr. Bayard's adoption of his substitute for the bill reported by Naval committee, amendatory to the act to promote the efficiency of the Navy. The Senator proposed to restrict all officers who have been placed on the reserve list, and investigate by courts of inquiry the capability and fitness of those who so desire admission.

HOUSE—At the instance of Mr. Haven then took up Senate bill appropriating $15000 for deepening the channel of the St. Clair Flats, Michigan. Passed by 68 majority. The same bill passed both branches at close of last Congress, but for want of time failed to receive the Executive approval.

House passed by 74 majority the bill specially describing the objects for which the balance of the appropriation for the improvement of Savannah River shall be expended.

Mr. Clingman offered resolution authorizing the President to employ any of the Military and Naval forces of the U. S. and volunteers, to protect American citizens and property, on any of the lines of travel between the Pacific and Atlantic.

Objection being made, Mr. C. moved to suspend the rules.

Mr. C. thought the resolution ought to pass, but was willing to refer it.

Mr. JONES of Tenn., understood resolution as authorizing President to *take possession* of Central America. [Laughter.] He did not want it now.

Voices. "We do—Let's take it." Mr. CAMPBELL, of Ohio, said he should move to amend so as to include annexation of British Provinces.

Mr. JONES, wishing to see resolution in print, moved adjournment—*Carried.*

The Washington Common Council have resolved to give Mr. BUCHANAN a public reception.

ST. LOUIS May 5th

Extract of a private letter from San Francisco, April 4th, published in the *Democrat* says; Two public meetings were held at San Francisco relative to the Overland Mail Route. Petitions numerously signed were transmitted to Congress by next mail. Every effort will be made to forward the enterprise, and push it to a successful completion.

NEW YORK, May 5th.

Steamer *Black Warrior* from Havana left on the evening of the 30th ult arrived this afternoon. No political or commercial news of interest at Havana. There were no foreign war vessels in port. The climate was healthy. Mr. Cunard states that the steamer *Etna* is due at Boston, all looking for her up to the departure of the *Persia*, it having been brought out by that vessel. The next Cunarder due is the *America* at Halifax, now in her 10th day and the *Herman* is in her 13th day out.

OSWEGO, May 5th.

Water let in Oswego canal to-day and boats cleared via. Syracuse.

NEW YORK, May 5.

The Herald's correspondent telegraphs from Washington, that a report is current about the State Department, this morning, to the effect that Gen. Walker had sent to New Orleans for recruits for his army, as his hopes of success since Schleissenger's defeat, were not of encouraging character.

It is said that hundreds are ready to leave New Orleans and from the extraordinary excitement prevailing in that city in favor of Gen. Walker, should the Marshal of that district interfere with his force, to prevent the departure of those resolved on going to Walker's aid, serious consequences may follow, as opposing force will certainly be used.

The Tribune correspondent telegraphs that the Cabinet meeting to-morrow, will be truly important from the attempt to carry the recognizance of Walker's Government. The President is strongly inclined to, undoubtedly persuaded by Quitman, Douglas and others. The President's policy is to introduce this subject in the platform at Cincinnati.

The May anniversaries commenced in the city last evening. The churches were all well filled, and the proceedings were of universal interest.

NEW YORK, May 4.

The steamer *Edinburgh* left Glasgow April 20th, and arrived here early this morning. She brings nothing later than we have received by the Persia. She brings 78 cabin, and 331 steerage passengers.

BOSTON, May 4th—6,30 P. M.

Weather thick and rainy. No signs of the Etna from the lower station.

REAL ESTATE AT A BARGAIN.

G. H. LAMBERTON offers his real estate situated about 15 miles South of this city, on Lake Michigan and Lake Shore R. R., including the village plat, all his buildings and the pier, which is the nearest wood pier to Chicago, is 600 feet long with 15 feet water, on the most reasonable terms, and opportunity given to allow it to pay for itself. There are 500 acres in all, including 120 of improved land, and is the *Premium Farm of Wisconsin for Winter Wheat*, as awarded by the State Soc. in 1855.

The timber is heavy, of good quality, and convenient. The land is all dry and arable—The water is pure and abundant—The location one of the healthiest in the world.—All trains on Lake Shore R. R. stop here for wood, water, and passengers. An abundance of clay for the Milwaukee brick is found here. A saw mill, Store, Blacksmith shop and Post Office (Lamberton) have been started, and a Grist Mill promised the coming season. The land may be divided to advantage into 2, 3, or 4 farms.

Enquire of the proprietor, or Wm. E. Lamberton on the premises, Hon. Wm. F. Wording, Racine, Messrs. Littel & Baker, Milwaukee, or Capt. H. Prindiville, Chicago, Ill. apr29e254d3m

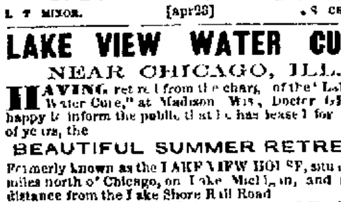
EVARTS'
PATENT SHINGLE MILL



EVARTS & BUTLER,
PROPRIETORS & MANUFACTURERS,
CHICAGO, ILLINOIS
THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by cutting the shingle in the direction of the fibres of the wood.
The ease with which wood is worked in that direction gives it speed of execution, and the stability of the thin side width [illegible] to make the ground thin on the edge, so as to cut away but little of the wood.
The shingles now made with this mill, sell in the market seventy five cents per thousand higher than any other sawed shingles.
This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked and not liable to get out of order.
